Sprint Report 1

Sprint Duration: 2 weeks (16.10 – 27.10)

Sprint Goals:

- Fix the final idea of the game and start the setup
- GitHub Repository
- Azure
- Clone Project on every team member's computer
- Create the Unity Project

In this first sprint, we just clarified our vision, set up the technical requirements, made a plan, setting up the communcation method and our way of work and optimizing time management.
